SALE MANAGEMENT
Aegerter Marketing Services, Inc.
Jeff Aegerter (402) 641-4696
jeff.aegerter@gmail.com

GENERAL INFORMATION

TERMS AND CONDITIONS: Terms of the sale are cash or check and made payable to Aegerter Marketing Services, Inc., immediately following the sale and before cattle are removed from the premises.

BILLED ACCOUNTS: All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless prior arrangements have been made with the owners.

LIABILITY: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager nor other affiliated personnel can be responsible for any accidents, but for the safety and comfort of those attending they will make every effort to provide for the safety and comfort of those attending.

TRUCKING: Transportation available to all points in the continental United States. Every effort will be made to provide reliable and affordable transportation for animals purchased.

BREEDING INFORMATION: All animals sell under the terms and conditions of the suggested American Shorthorn Association Standard Breeding Guarantee. Bred females have been pregnancy examined safe in calf by a licensed veterinarian. Any updated breeding information will be made available on sale day.

HEALTH: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All cattle have been vaccinated, de-wormed, and calf hood vaccinated.

GENETIC CONDITIONS: All animals selling will be free of any known Genetic Conditions unless stated otherwise. All potential carriers will be tested with updates available on sale day.

INSURANCE will be available at the settlement desk upon conclusion of the sale. Announcements made from the auction block take precedence over all printed material in this catalog.

Dear Shorthorn Cattle Enthusiasts,

Welcome to the 11th Annual Maternal Event!

As we celebrate another year of the Maternal Event, we are reminded that this sale is about more than cattle. It is about the people, the relationships, and a shared commitment to advancing the Shorthorn breed. We sincerely appreciate the confidence you place in our programs and the friendships that have grown through this event.

This year's offering is truly exceptional. Not only is it the largest group of bred heifers we have ever presented, but we believe it is also our deepest in quality. **This offering stands among the largest groups of Shorthorn bred heifers backed by documented performance records to sell in North America this year.** These females reflect generations of purposeful breeding, proven cow families, and a commitment to measurable genetic progress. There are females in this offering with the potential to move our breed forward.

Our philosophy remains simple: produce functional, productive females that breed consistently, raise quality calves, and remain profitable for years to come. We believe the true measure of our success is not what happens on sale day, but how these females perform for their new owners in the years ahead. We encourage you to study this offering and consider the opportunities these genetics can bring to your program. Whether you join us in person or online, we are grateful for your interest and support.

We look forward to welcoming you to The Valley!

Sincerely,

The Byers, Beckler & Miller Families

Exposed to JSF LENNON 195M ET, Due 4/1/27. This is an ideal heifer to lead off this offering. This is what we had in mind when we planned this mating. She is long and attractive, with plenty of performance. Her dam is a high-volume female nicknamed the "Land Whale." All you have to do is look across the page at her sister, and you will see the breeding possibilities with this one!

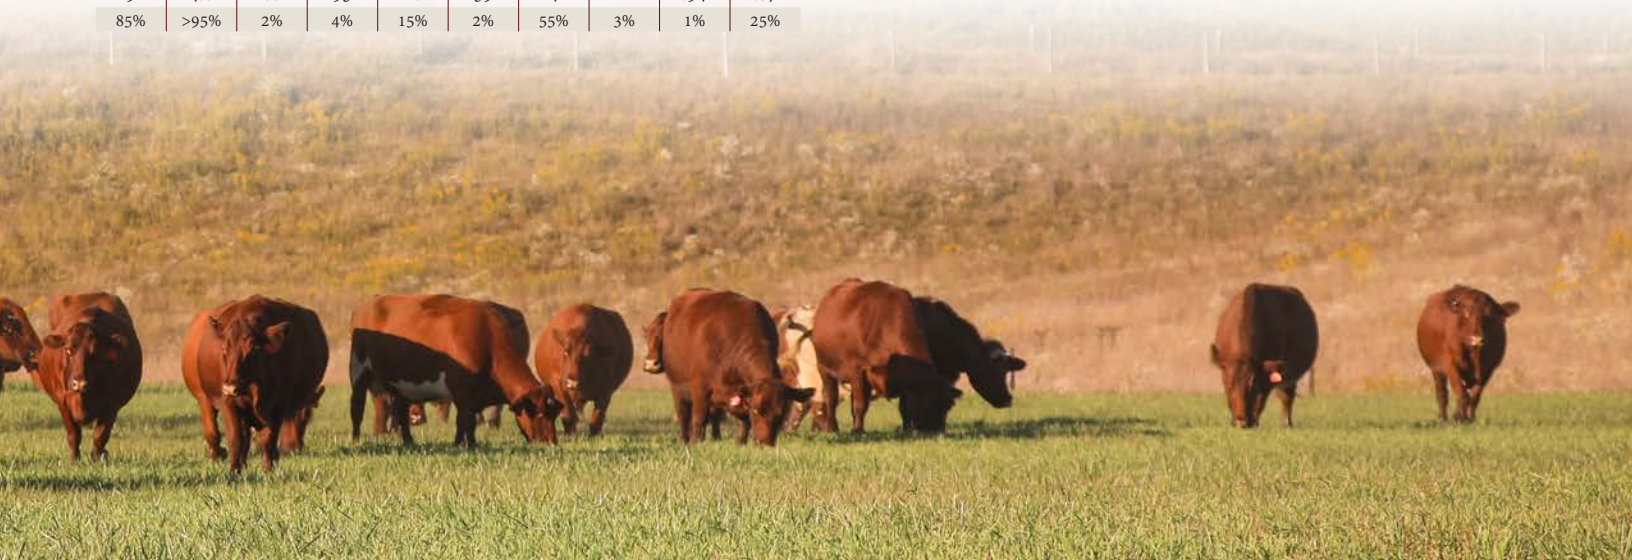
Bred AI to JSF LENNON 195M ET, Due 2/27/27. This heifer has been the queen of the calf crop from the time she was first born! She is a massive, deep-bodied, bold-sprung female that ranks in the top 5% of the breed for almost all the growth traits. The daughters of 1872 have made excellent females for us. I love this one mated to Lennon!

CONSIGNED BY PAINT VALLEY FARMS



Lot 03

Bred AI to JSF LENNON 195M ET, Due 3/3/27. This Miss Perfection heifer is big-bodied, easy-fleshing, and stout. She has an exceptionally good cow family stacked up behind her. She represents the first opportunity to acquire a bred heifer sired by Beckler Maverick. Also affectionately known as the "crooked-eared heifer," she has been a favorite of several visitors here in The Valley.

CONSIGNED BY PAINT VALLEY FARMS

Lot 04

Bred AI to JSF LENNON 195M ET, Due 2/28/27. This one is appropriately named Gem! She combines extra growth with length and an attractive look and has been a standout all fall. Her sire has produced some of the very best females we have in production. She won't be hard to find come sale day!

Lot 05

Bred AI to JSF LENNON 195M ET, Due 2/20/27. I remember when Derek and I first laid eyes on this heifer's dam as a calf alongside her own dam in Martindell's offering several years ago. He made sure that pair came home with us that day! I love the balance in this red female. She is wide-sprung and easy on the eyes. Her dam raised a bull calf this year that will be featured in our Bull Sale come April.

Bred AI to JSF LENNON 195M ET, Due 2/18/27. It is gratifying to offer females of this quality! Her maternal grand dam, JSF Meredith 7W, was the first female we purchased from Jungels nearly 18 years ago as Whitney's first show heifer. Two years later, that same 7W cow went on to earn Reserve Champion Cow-Calf Pair honors for our family at the National Junior Shorthorn Show in Indianapolis. These three females are all out of direct daughters of JSF Meredith 7W!

CONSIGNED BY PAINT VALLEY FARMS

JSFRB MEREDITH 7W - Maternal granddam to Lots 43-45

Lot 44

Exposed to JSF LENNON 195M ET, Due 4/6/27. This attractive female offers a little extra size and is sired by the supreme cow maker, JSF Palermo! She is striking in her appearance, with plenty of center body and an impressive maternal look. The possibilities are endless with this one!

CONSIGNED BY PAINT VALLEY FARMS

Lot 45

Bred AI to PVF GENESIS 21N, Due 2/17/27. The stoutest of the trio, this powerful female is sired by Soggy Dog himself! Her 10-year-old dam continues to prove her productivity, weaning a set of twins this year and breeding right back for another calf. I believe her mating to Genesis is an exciting combination! DS Carrier.
