## GENERAL SALE INFORMATION

**American Shorthorn Association Genetic Condition Disclaimer:** Unless an animal is listed on the American Shorthorn Association "genetic condition status list", the American Shorthorn Association makes no representation of any kind as to whether or not the animal has a genetic condition.

**Terms And Conditions:** Terms of the sale are cash payable to the clerk following the sale and before the cattle are removed from the premises.

**Billed Accounts:** All billed accounts are due within 10 days following the date of the sale.

**Health:** Each animal selling will be accompanied with a state approved health certificate from its state of origin. Buyers should make themselves aware of the health requirements for their respective states.

**Breeding Guarantee:** The Suggested Breeding Guarantee as endorsed by the American Shorthorn Association will be followed.

**Registration And Transfer:** All animals sell with completed pedigrees or applications for registration in the hands of the sale manager.

**Announcements** made from the auction block take precedence over all printed material in this catalog.

**Insurance** will be available for your purchases at the sale. Contact the clerk at the time of settlement for your insurance needs.

**Liability:** Each animal selling will be at the buyer's risk as soon as sold. Neither the owners, employees, auctioneer, sale consultants, sale manager, Cattlemen's Congress, American Shorthorn Association or other affiliated personnel can be held responsible for any accidents, but will make every effort to provide for the safety and comfort of those attending.

**Mailed Bids:** We hope you will be able to attend. If you cannot attend, you may mail or telephone bids to the sale manager or representatives.

Montie Soules - 918-645-4322

Dear Shorthorn Friends,

I am excited to welcome you to the The Summit 2022 National Shorthorn Sale Catalog. We believe we have the best National Sale offering in many, many years. The offering includes powerful Herd Bull Prospects, outstanding Bred Females, flashy Show Heifer Prospects, Embryos, Genetic Lots, and Semen from top Shorthorn Breeders throughout North America. I am extremely excited and proud of this offering and a big thank you goes out to those who support this Great Sale.

We also have a very exciting way to begin the sale with the offering of some very special lots to support the Shorthorn Youth Development Fund (SYDF). Recently, a Board of Directors was formed to help shape the future of the SYDF. Members of the Shorthorn Youth Development Fund Foundation Board are Randy Cates, Julie McMahon-French, Jerry Nickel, Nancy Grathwohl Heter, Joe Bales, Montie Soules, and myself. This group is charged with charting the waters for the Shorthorn Youth Development Fund Foundation and have already held meetings beginning their work. All of the funds raised by this Foundation will support the function of the National Junior Shorthorn Show and all of the wonderful Junior members involved in our Great Breed.

Going forward if anyone of us can be of assistance or answer questions please contact any of us or myself and we will be glad to help. The Youth is our Future and we need to build on the tremendous momentum we already have.

Thanks for your support,  
Jeff K. Aegerter

Shorthorn YOUTH  
DEVELOPMENT  
fund

Scan to donate now!

The Shorthorn Youth Development Fund was established in 2020 to provide financial support to develop Shorthorn youth as cattle producers and responsible, productive citizens. The fund is dedicated to enriching the lives of youth interested in agriculture, through support for the educational and leadership activities of the American Junior Shorthorn Association.

The Shorthorn Youth Development Fund is a non-profit organization and resource that allows you to directly invest in the future of the breed that is your business, your lifestyle and your passion. The reason for building this fundraising platform was to streamline the donation process and make contributing to youth development more accessible for everyone, especially those whose business directly benefits from junior and family customers.

With the changes to our new fundraising platform, we are raising money as annual pledges towards the Shorthorn Youth Development Fund. If you make a pledge donation, you will become a member of the new "Shorthorn Red, White and Roan Club." Membership level is based on the actual monetary value of your donation. Red, White and Roan Club Members receive recognition in many forms. If you have questions about recognition or levels, contact [shelby@shorthorn.org](mailto:shelby@shorthorn.org).

The fund accepts checks and credit cards. You can even set your contribution up to be billed directly to your DigitalBeef Shorthorn Registry account on a one time, monthly or quarterly basis. No contribution is too small, and every dollar counts!

By making the commitment to "pay it forward" through your pledge to the Shorthorn Youth Development Fund, today's breeders accept responsibility of seeing to it that our youth have the opportunities they need to prepare for their time as the Shorthorn breeders of tomorrow.

American Shorthorn Association

The 150th Anniversary celebration of the American Shorthorn Association kicked off this year. The ASA is the oldest beef breed association in the United States and this celebration honors that. To learn more about the history of the breed, you can purchase the 150th Anniversary book online at [shorthorn.org](http://shorthorn.org).

## **"1872" REGISTRATION NUMBER**

Here's a unique offering, special to the ASA 150th Anniversary Celebration! **Selling the use of a one of a kind registration number - Reg# 1872 - representing the beginning of the American Shorthorn Association.**

150th Year Celebration Painting Commissioned by C.J. Brown named *"America's First"*

100% of proceeds of Lots A-D go to the Shorthorn Youth Development Fund Foundation to support the National Junior Shorthorn Show.

## **ARTIST PROOF 4 - BREEDER PERSONALIZATION**

## **ARTIST PROOF 5 - BREEDER PERSONALIZATION**

**Sale Terms and video to be posted on the Cates Farms Facebook Page prior to the Summit Sale. Inquiries on Payweight can be directed to Tyler Cates 765-576-0035 or Jeff Aegerter 402-641-4696.**

This is the most exciting herd sire we have produced since CF Trump and CF Solution. I realize that is a bold statement, but a large part of what makes a bull a breed changer is timing. What Payweight offers in terms of growth and performance both visually and on paper is something we desperately need to inject back into our Shorthorns. His unique fresh pedigree opens his use to a very vast number of Shorthorn breeders. His powerful sound attractive physique opens his use to all Shorthorn breeders whether you market to the commercial cow man or show cattle arenas. We feel Payweight has a real chance to be a sire that will be remembered long after he is gone. We have been excited about this bull all summer and proud to offer him to a breed that is certainly on the move.

### Selling Full Possession and 50% Semen Interest.

Outlook has been special since day one. His sire, Long Look is siring outstanding cattle all over the US and the Cherri influence has produced winners from Coast to Coast. Outlook is long spined with a profile that is nearly perfect. For a Bull this good looking, sound made and long bodied, he also carries great dimension of muscle over his top and through his quarter. The combination of Long Look x Cherri is sure to write another chapter in Shorthorn History.

### Selling Full Possession and 50% Semen Interest.

Armstrong Crown Royal 2154 has been a crowd favorite since day one and we have been waiting for the perfect time to make his debut and the Summit Sale is the time. The Easy Rider cattle are making their mark in the show ring and also as breeding pieces and it doesn't get any better than Dream Lady 161 x Red Knight combo. This solid red polled bull has the right shape and design to make those desirable cattle for both the show ring and the pasture. He's packed with muscle and yet gives that awesome show bull look while doing so in a fault-free structure to make him a must-have for your program. When you see this bull in person and look at pedigree on paper, Crown Royal is a no-brainer for your program. Don't miss out on the next great Armstrong Bull in a long list of great ones over the past years!!

### Selling Full Possession and 2/3 Semen Interest.

This bull has great EPDs and an awesome pedigree. His mom is the product of a Hot Commodity x Margie mating that has been dominating for Cates Farms. To add to it, his sire was the Reserve National Champion Bull at NWSS as a calf in 2016. Reward Maker has started building his own name in the ring this year as the Grand Champion Bull at the Missouri State Fair and a division win at Tulsa State Fair. Judges have used him for the width from his top, that carries through his upper and lower rib, and down through his feet and legs. This bull will make a great herd sire that can add natural volume and dimension to your calves.

This deep bodied, big boned, sound bull has so much good in him. With Colburn Primo, who's sired countless champions, as his sire and the Lady Crystal 434P influence from his dam, it makes Ralphie's pedigree priceless. Ralphie was already named 2021 World Beef Expo and 2021 Keystone International Reserve Grand Champion Shorthorn Plus Bull behind his maternal brother "sMcK Jameson" as well as a Reserve Division Champion at 2021 NAILE. Whether you're looking for a show bull to run hard with next fall as a big bull and/or one with longevity to just turn out with cows, I would not overlook Ralphie!

### Entered in the Cattlemen's Congress National Show.

This May bull prospect is uniquely made and possesses some of the best Shorthorn genetics in the business! Maxed Knight presents himself with a long front end that carries back to a deep body and square hip, while still maintaining soundness. This bull has the right amount of power with a nice dark red color pattern that is sure to catch your attention! His dam SULL Cheri 7602E collected many banners along her show career and continued that momentum into raising some great Shorthorn cattle. Come by the stalls at Cattlemen's Congress and check him out, you won't be disappointed.

**Examined safe to AI date 4/17/21 to KL Prime Time Teddy. Due 1/24/2022.**

Waukaru Red Nan 0029 is one of few individuals in the breed that excels at antagonistic traits and presents herself in a sound, well-balanced package with needed skeletal width and dimension. Currently there are only 20 purebred Shorthorn females that rank higher than 0029 when combining both \$BMI and \$FEED, giving support to the claim that maternally superior cattle can be designed to have power and shape. Red Nan 0029 lands in the top 20% of non-parents for eleven traits, including a \$BMI of \$155.53 landing in the top 1% of non-parents.

Waukaru Red Nan 0034 is the product of a decades long pattern of breeding to sires whose every daughter you want to keep. 0034 is from a maternal family line that has been working at Waukaru for seven decades and boasts noteworthy sires such as Thermal Energy, Byland Top Gun, Dunbeacon Venture, and Coppertop 464. Red Nan 0034 is a powerfully constructed, big footed, broody, beef cow prospect that is bold chested and nearly ideal in the depth and curvature of her rib cage. Red Nan 0034 ties together a most demanded phenotype with far reaching numeric values that land her above the top 15% of non-parents for 11 traits.

Nearly 30 years ago, and six generations back, the female that anchored the Adelina's of Waukaru was delivered from Keith Lauer to Waukaru. Waukaru Adelina 0111 is the result of mindful breeding decisions, resulting in low maintenance, profit-minded beef cattle every step of the way. Adelina 0111 is a moderately sized, attractively designed female that is wide in her chest floor with great outreach in her ribcage. 0111 has tremendous shape of muscle down her top and is stout and square out of her hip. She combines being in the top 2% of non-parents for \$BMI and top 10% for growth and marbling.

When this mating was made, the hope was for an outstanding match. This heifer is special. Her genotype speaks for itself. Top 1% in many areas. Her dam is a full sib JSF Times Square and JSF Wall Street. 3J shares the same sire as JSF Palermo. Her phenotype rivals her outstanding pedigree. She is deep and thick - that says awesome cow.

223J can be dual registered Shorthorn Plus and Foundation Simmental. She is the youngest heifer in the pen and matches up very well. A fancy plus heifer that will compete at any level. She has the look and catches your eye immediately. Have fun with this one.

# OPEN SHORTHORN HEIFERS

This pen of heifers are flush mates sired by NBS Low Rider, who has sired countless sale toppers and show winners for WHR and Little Cedar. We purchased the donor dam of these heifers from Jerry Arthur. She was affectionately called "Shirley" because she was the best daughter of the best cow that Mike and Shirley Stephens owned. Jerry's busier in retirement than when he was working full time and unfortunately we missed the opportunity to sit down with him and get the "rest of the story". We think these heifers speak for themselves though. "Shirley" was stingy about having heifers and it felt like Christmas when these un-sexed embryos came out as heifers! Take your pick, they are all purple banner worthy. We truly cannot decide which is our favorite.

We purchased the Optimus bull from Loving Farms to Build on the EPD's in our herd. His cross with this Myrtle Bo dam has proven successful through both aspects of the Shorthorn breed. As a show heifer prospect, this beautiful roan heifer visually offers rib, volume & power and displays a calm disposition. She backs up her visual attributes with a good EPD profile by ranking among the top 10% of the breed in multiple traits which indicates she will perform at a high level as a replacement female also.

We are excited to offer this heifer out of the heart of our breeding program. BONL Authority continues to impress with his first calf crop and we are excited for the future of this heifer's young dam. This heifer combines two of our programs best cow families into an extremely attractive made, sound structured package. There is no doubt that this heifer's best days are ahead of her. Be sure to come check her out on sale day!!

ASA Donor Dam qualified and Tested Triple Clean. Chocolate Cherri is a daughter of the breed legend Cherri 205. She reminds me of her mother in many ways, she is massive middled, plenty of muscle and it's all rolled into a very eye appealing package. Choco is Yak haired, puppy dog tame, and very kid friendly. This is a turn key banner winner (already named Calf Champion ShPlus at MN State Fair), she's all ready to go and just needs someone to take the halter.

We would like to retain two IVF cycles at our expense and the new owners convenience.

## ASA Disclosure of Genetic Conditions and Performance Data

1. The seller is responsible for disclosure of all known Genetic Conditions at the time of sale. The seller should display in the catalog all Genetic Conditions known to the breed at the time of cataloging. For each animal Genetic Conditions should be displayed in the same format as on the original registration paper or disclosed in a separate box or prominent place for buyers to be notified of the results (both free or carrier status) from testing for Genetic Conditions.

2. The buyer assumes all risk associated with the purchase of known and unknown Genetic Conditions of carrier animals. (Provided the seller has disclosed all Shorthorn Genetic Conditions known to the seller and/or to the Shorthorn breed at the time of sale)

1. The Seller is not responsible for any new Genetic Conditions that may be determined or discovered by the ASA after the time of sale for any animal or genetic material.

2. The seller should print in the catalog all EPDs and accuracies for each EPD trait and all breed indexes on each animal selling. This information should be presented in a standardized manner as seen in sire summaries or breed EPD information released by ASA. This performance information should be the latest and most accurate data at the time the catalog is printed, providing the animal qualifies to have EPDs attached to their registered pedigree. Any other pertinent performance data such as BW, WW, YW or Carcass Data that is available should be added to the performance listing in the catalog at the seller's discretion.

3. Special logos with letter terminologies will be given to breeder's sales and / or individual lots in a sale that make it a priority to test and disclose all Genetic Conditions.

a. GCF (Genetic Condition Free) - A sale offering or an individual lot that has tested or found animals to be pedigree free of any Genetic Conditions for all animals and/or genetic material represented in the sale.

b. GCT (Genetic Condition Tested) - A sale offering or individual lot that has tested all animals that may be potential Genetic Condition carriers and the results of those tests are displayed in the appropriate manner for all animals that may be at risk as a Genetic Condition carrier. This means that all possible Genetic Condition Carriers are identified according to the descriptions in paragraph 1 under Disclosure of Genetic Conditions and Performance Data. There may be carrier animals or genetic material selling but they have been tested and are disclosed and all potential animals and / or genetic material at risk to be a carrier have been tested and the results disclosed.

c. CAP (Complies with All Performance listing) - A sale offering or an individual lot that Complies with All Performance listings of all Shorthorn EPD traits with accuracies and indexes in the appropriate standardized manner as described in paragraph 4 above under Disclosure of Genetic Conditions and Performance Data.

4. Any donor dam and AI sire that does not have all the required tests that makes them Donor Dam Qualified and/or AI Sire Qualified; the resulting progeny will need to be tested for those tests missing in order to be eligible for registration at the American Shorthorn Association.

### Selling the rights to one Flush. Seller guarantees 6 transferable embryos.

Dam of Durhams in the Dakotas 2k22 Lot 1, JSF Manhattan 194J along with 3 other standouts, outcross sons selling in February, and, the high selling bull for the 2021 spring bull sale season, JSF Palermo 172H to Paint Valley Farms. I had multiple people tell me Durham Nation week that Manhattan is the best Shorthorn bull calf they have ever seen. I thought last year Palermo was the most different. We piled in and used him HARD. All told, this cow flat brings it, to a variety of different bulls.

Well well well...it doesn't get any hotter than this mating and we are beyond excited! The Lady Crystal 434 P does it again and the 2105 female has been described by many to resemble the 434P cow as closely as any of the great females that she has produced. I'm not just saying her color but when you analyze this female from the point of her nose to her tailhead she made impeccably. Not only is this Junior Heifer Champion at the NAILE a perfect silhouette but she has the width and dimension to produce those killer kind, while gilding around the ring on a effortless structure. Now is there a hotter bull in the breed than Dream Maker, no other bull is siring genetic packages that are any more sought after than Dream Maker. Red Knight, Dream On 5158, Lady Crystal 434P, and Easy Rider does this genetic combination say Grand Slam...We think so don't miss this opportunity to get a jump start on this females amazing future.

Offering genetics from the many time champion CF V8 Mona Lisa Reward 782 SOL ET. She was the supreme champion heifer in Keystone in 2018, reserve champion heifer in the NAILE Junior Show and Grand Champion heifer in both the open and junior show at the 2019 National Western. Four different programs found success selling eight of her progenies this fall averaging over \$9000, with the high seller, sired by On Point, selling from Cates Farms for \$30,000. We are offering three different packages that offer something for any producer, whether you are looking to make steers, purebred heifers, or plus heifers, do not miss out on this opportunity.

This mating involves two of the highest phenotype, super desirable and marketable outcross animals in the beef industry today. Lassie's genetics can be found in four countries spreading over 3 continents as she continues to take the profit-via-production world to new levels. Flash has been a fresh breath to the many progressive producers, tying in type and data together as well as the donor. An excellent opportunity to make good looking, high \$BMI seedstock. You have a sure bet in this investment package.

Recip is a Blue Roan, JSF Bred ShorthornPlus 6 Year-Old Cow. Primo has made some of the most exciting cattle in the industry and the Cherri mating is already a proven home run. The mating to this triple clean red neck roan full sib to 205 was a no brainer. Countless winners and dollars generated. Solution females are still getting it done at the highest level and so is the Cherri cow family year after year.

It is no secret that the Ruby cow family is pretty special here. I'd bet almost anyone would walk out into our heifer pen and pick out 40J and 102J, daughters of these two cows. 46Y is the dam of Envied, Clout & Statement. 55D, owned with Cody Korthaus, is the dam of CIRCLK Gilman Dream Easy 21F. If you study how they match up with Heritage on paper, it's a deadly combination. Take a couple proven, moderate, big bodied females on an outcross power bull...that sounds like a herd sire in the making.

*Catalog by Shorthorn Country*

The graphic features a dark blue background with stylized white and light blue mountain peaks. The word "THE" is in a small, white, sans-serif font, positioned above the word "SUMMIT", which is in a large, white, serif font. A large, white, stylized "S" shape, resembling a bull's head profile, is positioned to the left of "SUMMIT". To the right of "SUMMIT" is the text "at OKC" in a small, white, sans-serif font, followed by a logo for "CATTLEMEN'S CONGRESS" which consists of a stylized "C" and the text "CATTLEMEN'S CONGRESS". Below the mountains, the text "2022 NATIONAL SHORTHORN SALE" is written in a bold, white, sans-serif font. At the bottom, the text "JANUARY 9, 2022 - 6:00 PM" and "SUPER BARN SALE ARENA - OKLAHOMA CITY, OK" is written in a white, sans-serif font.
