RETURN OF THE  
SOUTHERN  
STARS

SATURDAY, MAY 10, 2025 | 12:00 P.M. E.S.T.

Reality Farms Sale Facility | 794 Port Royal Road, Campbellsburg, KY

Welcome to the 4th Annual Return of the Southern Stars sale. Martindell Farms is glad to partner with Sharben Shorthorns and all the guest consigners to bring you a great set of cattle. This sale is unique in that it has something for everyone no matter what you are looking for. Please contact us with any questions. Thanks for your interest in the sale and hope to see you in Campbellburg on May 10th.

Thanks  
Martindell Farms

It is with great pleasure that we welcome you all to the 4th Annual Return of the Southern Stars Sale! Once again, we are excited to join our good friends, the Martins, and other consigners to offer a little different kind of sale in which you can find cow/calf pairs, bred heifers, and breeding age bulls as well as open heifers. These animals come from family-operated programs where these consigners put their hearts and souls, in addition to their hard work, into their operations. We are very pleased to share the fruits of our labor for your selection to match the needs of your program.

At SharBen, our goal is to produce honest, quality cattle with eye appeal and pasture performance. To that end, we have mated genetics from proven cow families from throughout the country with performance-oriented bulls. We offer these consignments to you from the heart of our herd. As you look through these lots, please do not hesitate to let us know if we can be of any assistance.

We greatly appreciate your interest in our sale and are looking forward to the fellowship of seeing old friends and making new ones!

Ben & Sharon Wilson  
SharBen Shorthorns

AI bred to Gilman's Basin 151L on 12.12.24. P.E. to Gilman's High Roller 78K from 12.19.24 - 03.04.25. Expected due date 09.20.25.

It is with great pride that we offer this heifer for your consideration. She is reflective of our best. This heifer is extremely long in her make up with depth of body, nice extension to her neck and fabulous feet and legs. A few years ago, we purchased her dam, CF Red Rider 653, from Cates Farms. The day after the sale Brian called and congratulated us. He felt she had a great future. How right he was! Because she was so consistent in the quality of her offspring. We decided to flush her to JSF Foreplay for added performance, the result is this very attractive female.

AI bred to Gilman's Basin 151L on 12.12.24. P.E. to Gilman's High Roller 78K from 12.19.24 - 03.04.25. Expected due date 09.20.25.

This is a hard one to let go!! We have decided to offer her her only because we need to share our best. This moderate framed, deep dark cherry red heifer is stout with that show ring look and great smoothness of movement. Backed by the very sought after genetics of the Crystal cow family, she is out of a maternal sister to Payweight that we purchased from Cates Farms. 1428 herself is a maternal sister of our Southeast Region Show Bull of the Year, SharBen Ringo's Reward 1417. We selected the sire of this heifer, CSF Long Look, to incorporate the genetics of the renowned Margie cow family and added calving ease. Come see this heifer for yourself. We don't think she will disappoint. Study her pedigree and EPD's and start to plan her future in your herd.

SHARBEN MAE BELLE GOOSE

This is one of our favorite cows in our herd. We only offer her because we have a daughter in production. She is sound with length of spine, depth of body and a good udder. Sired by a full brother to SULL Red Knight, her pedigree is further backed by the maternal genetics of the Mabel cow family that has been one of the mainstays in the Martindell herd for years. Her dark cherry red heifer calf possesses extra stoutness yet is still feminine in her makeup.

Due to calve 09.25.25

Here is an opportunity to buy a young cow that has her best years ahead of her. This is a cow that is easy keeping, low birth weight, and checks all the right boxes when you look at what type of cow you want in your pasture. This cow can make a lasting impact on your herd for years to come. She is bred to our herd sire, Deerhorn Amos 209K. We fell in love with him at the Durham Nation sale in 2023 and he hasn't disappointed. Saying his first calf crop has been impressive is an understatement.

Confirmed Pregnant to RFSS Roan Knight 265K ET (2023-2024 Southeastern Region Shorthorn Show Bull of the Year). Due 09.26.25. Bull Exposed 12.18.24 - 1 day only.

"Laverne" as we lovingly call her on the farm, is a moderate, easy keeping, good natured, sound structured, stout made cow that maintains a lot of style with a sweeping rib cage, strong top line, and feminine head and neck. She carries a nice udder and has raised for us two well performing heifer calves so far. Her 2024 fall heifer calf weighed 580 at 187 days of age. If her look isn't enough to get your interest maybe her pedigree will be. Sired by Red Reward and out of Margie 610s, she's a rare opportunity you don't want to pass up!

**TERMS**

TERMS: All cattle in this sale sell under the sale terms as written by the American Shorthorn Association. Updates will be available on sale day. PAYMENT TERMS: Terms of the sale are cash or check made payable to Brent Elam, immediately following the sale and before the cattle are removed from the premises. Purchasers or their representatives must sign the bill of sale prior to leaving the sale. BILLED ACCOUNTS: All billed accounts are due and expected within 10 days of the sale date. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter. LIABILITY: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller of a reasonable amount of time. Neither the owner, employees, auctioneer, sale manager or other affiliated personnel can be responsible of any accidents, but they will make every effort to provide for the safety and comfort of those attending. BREEDING GUARANTEE: We guarantee all livestock sold as sound breeders. However, if we feel that a heifer has been fed to an extreme level of obesity for the show ring, we hold the feeder responsible for any reproductive problems and no longer feel responsible to guarantee that individual animal. In the rare case that this should occur, the Southern Stars Group will try and help you through the first breeding season. EMBRYOS: The Southern Stars group will guarantee one pregnancy on each package of embryos selling if implanted by a certified technician. SEMEN RIGHTS: Reserve the right to in-herd semen use for all bulls selling.

SULL ROSE MARY 636-3 ET

Confirmed bred to Leveldale Boardwalk 530C; due date 09.26.25. AI only, 12.18.24. DSF PHAF THF by pedigree.

This super stylish bred heifer has all the pieces to be a top tier cow in any program. She's elegant yet wide pinned, big topped, and stout hipped. Her pedigree is extremely desirable as well. Hot Commodity has sired many champions and o\_spring who consistently produce champions. Her dam's side of the pedigree may be one of the hottest maternal pedigrees in the breed right now. Red Knight calves are selling better than ever, and her grand dam is a clone of Rose Mary 636, who is a full sister to HD Ruby 903 whose daughters are dominating in production right now.

She is a no-nonsense type of replacement female with her excellent structure and balanced design. The Majorette cow family has been in our program for many years and they are always productive. They are the type of females we think the relatively new Stayability EPD was designed to help you as buyers find. Everybody that is in the cow-calf business long term is looking for cows that stay productive for several years! K233 will thrive in a variety of programs no matter what your focus is. Take her home, calve her out and let her make you money! CHV

This is a long spined, easy traveling, stout heifer. When you see her, you think COW. Her pedigree backs this observation, going back to the renowned Augusta Pride cow family. We purchased her granddam from Schrags in South Dakota several years ago and her offspring are still doing very well for us in our herd. Her sire, Byland Red Dog ("Clifford") by Soggy Dog also adds the proven genetics of the Byland Ellen cow family to her pedigree. Take her home. She will work for you!

This is a female that we could have easily kept for ourselves. K313 goes back to a Masonic home cow we bought several years ago that has always worked hard for us. The sire side of her pedigree needs no introduction, Saskvalley Imperative. If we had the pasture space for them, we would try to run about 50 Saskvalley Imperative daughters in our cowherd. They are simply some of the best practical hardworking cattle we have ever come across. Our loss is your gain, invest in the future with this one! CHV

Another nice Ember daughter that will be a good momma cow for you! She has a good disposition and carries herself well in a feminine package. The Embers are impressive, well-made females and this heifer is no exception. We have been very pleased with the performance of our Red Resolve daughters such as the dam of this heifer who goes back to a bred cow we purchased from WHR several years ago to add the Margie cow family to our herd. We expect that this heifer will continue her family's legacy of performance in her new home.

With Evolution semen in short supply, here is an opportunity to obtain his genetics through this choice lot of two full brothers. Their dams are identical full sisters, the result of a split embryo out of a cow shown successfully by Ashley Vogel of Iowa and Red Resolve, our full brother to SULL Legacy and Kane Aegerter's Pinky the Roo as well as other notables. These cows have proven themselves to be great producers in our herd and these bulls are good examples. Stout and ready to go to work, these bulls have not been pushed but rather allowed to grow naturally. They have sound feet and legs and great dispositions with a bit of color. We have gone back and forth on which is our favorite. You make your choice. They have been vaccinated, dewormed, semen and genomically tested and are ready to go to work in your herd this spring.

This heifer is one of our first Flash calves, and she doesn't disappoint! We added Flash into our breeding line up to help balance EPD's without sacrificing show ring presence. This mating achieved just that; she's above the breed average in all but 1 EPD. She's big topped, bold sprung, smooth shouldered, and sound on the go. Our Delite cow family is one of our most dependable and she'll be no exception. For an experienced Jr with the time to earn this heifer's trust she could be a really fun show heifer as well!

GILMAN'S PRIMROSE 242  
SG CASH REWARD ET  
KOLT AA MELANIE 329 ET

Here is a very nice fall-born heifer ready for the show ring. She has a great disposition, good color, great length of spine and depth of body. She carries herself well on a good set of feet and legs. Backed by the maternal genetics of the Kolt/Aegerter Sapphire cow family, her sire, Gilman's High Roller, adds calving ease to her pedigree. Purchase this heifer and have fun! Then watch her give your returns when she enters production.

This young heifer may be green, but she is going to do great things and will compete in the show ring. She is stout, but clean with an extended front end. She has good muscle definition and will not compromise on femininity. Keep an eye on our Facebook page, Cheyenne Cattle Company, for updated pictures and videos.

Marie is an own daughter of Myrtle Bo 9154 that Sammi Schrag campaigned very successfully, including winning the competitive Illinois State Fair. Sharben Shorthorns has a fall daughter of Marie that will be a force this year at the shows. We definitely think this mating with Fireball will not only make show females but will also make outstanding cows. Embryo's produced by Trans Ova.

Stored at TransOva.

Gentry is a two time All American. She won her division twice at Louisville and Denver and was Reserve Grand at Louisville and then was named Show Heifer of the Year in 2014 in both the open and junior division. Now her daughters are following in her footsteps and not only winning at the National Level but then continuing on to be top producers. We think that Fireball with his own record, will really click with Gentry. Embryo's produced by Trans Ova.

Our exciting young herd sire who garners compliments from everyone who sees him. Red Knight is as popular as ever, and for good reason, combine that with Traveler and you have two of the breed's hottest sires in one pedigree! If you're looking to add color, balance, length, elegant fronts, docility and good structure from the hooves up then this is your guy! He went undefeated in the Southeast Region and 2023-2024 Southeast Region Shorthorn Bull of the Year. We expect his progeny to be just as competitive. His first heifer calf is on the ground and is a real showstopper!
