Herd bull time. As if you needed any more proof of the generating ability of our 0101 donor, how bout two outstanding sons offered back to back years. Full brother to the impressive My Turn. Remix! Same lyrics, different beat this time. Same power and substance, but molded on a smoother made, dark red package. Many early visitors and customers saw him as a calf this spring and wanted him, but we couldn't pass up the oppurtunity to showcase him to the shorthorn community as a whole. Lots of good in this bull, and raised by the great Ceci herself! If youre needing bull power, recharge with Remix.

We purchased a package of embryos from Tyler out of the Star Search sale a couple years back and our investment paid off big time! 3/4 settled and heres the spoils! This trio of heifers are vastly different, but have one thing in common. They're all going to make exceptional females and are backed by the most prolific cow in the breed; the great Mona Lisa Reward! We're not sure which one we like best, you be the judge. Bid with confidence, these things work.

Another dual-registered female thats going to be a real fun project. We love this heifers size & foundation. Not often do you find one this big footed & sound, yet be this flat shouldered and smooth made. As a heavy bred, lookout for this one. Not to mention, Crossovers are becoming more rare by the day!

Outlier since birth. I still remember when this one hit the ground I told Craig these are some of the biggest feet I've seen on a baby. This thing is intruiging, and no doubt future donor material. Burly, dense, and packed full of real maternal power. Shes maturng in all the right places. Big time senior yearling in the making.

Young, but very nice high maine. Kerstens showed a maternal sib this year and got along exceptionally well racking up banners at nearly every NE jackpot & winning Maines at the NSF open show. This heifer reminds me a ton of that one & is equipped with a bit more fuzz!

We rarely offer cows straight out of our donor pen so take advantage here. After accumulating an inventory of eggs for ourselves we decided its time to let this one leave her mark for another program. Lots of life left in this female! Incredible feet, awesome uddered, and backed with a proven pedigree. Which ever way she settled, she may pay for herself in year one.
